

# Permanent Supportive Housing

The Highlands Community Services (HCS) Permanent Supportive Housing (PSH) program is currently recruiting landlords and property owners to work with us to establish housing opportunities and agreements to help serve our higher-need neighbors by helping them get back on their feet, maintain stability and thrive in our community.

“

*All humans should be treated equally and given opportunities to better their lives regardless of past or current circumstances.*

”

## Who we support

The PSH program is designed to provide housing opportunities to individuals who need a little extra help and support. Individuals who are equipped with the skills and necessary professional and financial support systems to better manage behavioral health-related barriers and foster successful independent living.

## How you benefit

- Program pays up to 100% of rent directly to landlord.
- Program assists participants with budgeting and linking to payee as needed.
- Program monitors and sets up supports for participants to maintain housing.
- Program assists in mediating issues to help participants maintain housing.
- Program provides on call staff to assist participants in managing concerns and issues.
- Program seeks to build ongoing relationships with landlords to fill vacancy for program and landlord.
- Program strives for participant housing to be successful for participant and to keep in good with landlord for future referrals.
